

Ideas for the under 2's

Communication, Language and Literacy

Recycle week

A kitchen roll holder with old bangles, hoops, scrunchies is great fun and a good way to develop children's fine motor skills. They will spend time repeating over and over again.

Maths

If you can find a few small plastic bottles and items to place inside such as foil, stones, feathers, buttons, water with glitter. Make sure the tops are secure and cannot be opened. They make great sensory bottles for the children to explore.

Some bottles will be heavy, some bottles will be light.

Physical

A shoe box or tissue box with a hole in the top. Find a few balls that will fit in the hole. Show them where to place the balls and they can either pop their hands in or take the lid off to find the balls.

Emotional and Mental Wellbeing

A baby wipe box is ideal for this activity. Open it up and place a few scarves inside with the top poking out. Show them how to pull on the scarf and it will come out. Repeat over and over again.
